

Mohsen Shekari a 23 years old young man was executed on Thursday Dec 8th. He was accused of blocking a street and wounding a member of the pro-regime Basij militia on Sept 25th, during the early phase of the protests triggered by the death in custody of Mahsa Amini. This is the first known execution over anti-government protests.

State media published a video of what it said was Shekari's confession, which showed him with a bruise on his right cheek.

Shekari had not been allowed a lawyer of his own choosing, and signs of torture were visible on his face, his uncle said.

Describing the incident that led to his arrest, the uncle said: "Mohsen was athletic and strong; when he saw the security forces attacking the protesters, he removed the guardrail from the side of the highway and placed it in the middle of the street to block the security forces' way."

This is dire situation and I request Senator,,,,,..... to condemn his execution and take action to halt all execution of innocent peaceful protestors and release all political prisoners.

Thank you for listening and taking my comments.
